

## Master's Major and/or Degree Curriculum Change Form- Guide

### Purpose:

This form is used when a curriculum change is needed for a change to either (or both) a Master's Degree or a Master's Major. Changes can include title or total credit hour changes to name a few examples.

To help determine if the change is to a degree, major or both here are some tips and examples:

1. **A degree change is updating the degree title itself-** if the Master of Arts – Education became the Master of Education – Education\**Note- this would be considered a NEW DEGREE and would require the NEW FORM and not the Change Form.*
2. **A major change is updating the major that is tied to that specific degree-** Example: Master of Agriculture - Agriculture, if it changed to Master of Agriculture – Agricultural Education.
3. **A degree and major change (both) is updating both the degree and major simultaneously-** however when you update the degree title it will make it a NEW degree so this will change the form needed.

**\*NOTE: That when the change is to the total number of credits required, this applies to the major itself and not the degree because there can be two different “programs” that are both Master’s Degrees but have differing total credit hours this is because the majors are different.**

### Guide for completing the form correctly:

1. **Completing the Form-** Please make sure to complete the form as a fillable PDF, then add any necessary/required attachments after the last page of the form.
  - a. **DO NOT TYPE THE TITLE INTO THE “CHANGE TITLE” LINE AFTER THE HEADING OF THE FORM, THIS FIELD WILL AUTOPOPULATE FROM THE PROPOSED NAME OF DEGREE/MAJOR FIELDS.**
2. **For Question #1 on Page #3 of this form-** please include if library resources will change when discussing institutional resources.
3. **For the Required Attachments section on page #4-** please make sure to follow the structure for the colored markup. This will help to ensure that for the Required Attachments section on page #4- please make sure to follow the structure for the colored markup. This will help to ensure that the changes are processed/added to both the catalog and degree audits correctly.
  - a. If the changes include any new courses, they need to be approved through the CAF system processes in order to be added to catalog.
  - b. Please make sure to include any course requirements (C- or better, etc.), admission requirements, standardized exams, internships, etc. type requirements in the catalog content in order to provide this information more clearly to students.
4. **For Section 4: Approvals on page #4-** these are completed sequentially and all signatures need to be on the original paperwork that will be submitted to the University Student Records Office for formal processing and archiving of the changes.
5. **For Section 5: Notifications on page #5-** these are the areas/individuals that need to be connected once the final approval is received for the change, that way all areas have the information of the change and can provide the most accurate information to students. The Financial Aid Eligible notification is done through the University Student Records office, in conjunction with the Financials Aid and Scholarship Services office.

### Completed Form Notification:

Once the form is completed and any necessary changes have been updated in banner, the requestor and administrator contacts that are listed in Section 1 on page #1 will be sent a copy of the final packet with Section 6: Administrative Processing (page #5) completed.

### Contact Information:

For questions about which form to utilize, how to complete the form, where the form goes next in the approvals, etc. Please contact the University Student Records Office for assistance. [records@nmsu.edu](mailto:records@nmsu.edu) or 575-646-3411

Change Title: \_\_\_\_\_

### Section 3: Required Attachments

**Make sure all required attachments are attached after the last page of the form and are legible and meet all the below instructions.**

The following must be included as an attachment to this form:

Catalog Description

Degree Plan/ Roadmaps

All required attachments should have the changes shown in a red/green markup.

**Green** – any new information (courses, verbiage, etc.)

**Red (strikethrough)** – any information that is being removed.

If there are minimum grade requirements for specific courses, the entire program, etc. (that are below the traditional D grade) that requirement needs to be clearly stated in the catalog content, degree-plan and roadmaps. This will make sure that the change is made in degree audit.

***\*All courses that are on the attachments must be active in banner or are within the CAF cycle for approval (past college approval-minimum).***

### Section 4: Approval Signatures (in sequential order):

	Printed Name:	Signature:	Date:
Submitter/Department Faculty: (as applicable by campus)			
Department Head:			
Academic Dean:			
Graduate Dean:			
Provost
