

**Purpose:**

This form is used when a new Master's/Doctoral Degree, a Master's/Doctoral Major or both for each level is needed. This process is more extensive than a change form and requires external approval from HED and HLC before being processed in banner and added to the catalog/degree audit systems.

To help determine if you are creating a degree, major or both here are some tips and examples:

1. **A new degree-** when the degree does not already exist on the campus (i.e. Doctor of Letters - Rhetoric and Professional Communication, the degree is currently Doctor of Philosophy – Rhetoric and Professional Communication; or Master of Education – Education, the degree is currently Master of Arts - Education)
2. **A new major-** when the degree already exists but you want to add another area of study for students to have as a major (i.e.- Master of Arts – Experimental Psychology; or Doctor of Education – Higher Education Administration)
3. **Both a new major and degree-** when both a new degree and a new major needs to be created, when the major differs from the degree title (i.e. – Doctor of Letter – Rhetoric and Technical Communication; or Master of Education – Higher Education).

This form utilizes the exact form needed for HED approval (minus the CIP Code request, this will be added by the Data Custodian before submission) and HLC specific questions that may be needed for an HLC form.

**Guide for completing the form correctly:**

1. **Completing the Form-** Please make sure to complete the form as a fillable PDF, then add any necessary/required attachments after the last page of the form.
2. **On Page #2- Section B:** For the program description and curriculum please lay it out in catalog format so that it can be used when adding the content to the catalog (contact the Student Records Office if you need assistance), also include a roadmap of the coursework that shows students how to complete the coursework in a timely manner. Make sure to include all the course descriptions of the courses that are used in the program and indicate which courses are new (created for the purpose of this new degree). **NOTE: The new courses must already be approved and in banner during the Curriculum approval process.**
  - a. Also include any other requirements that students must complete in order to be admitted into the program and graduate from the program. This includes minimum grade requirements, internship/co-ops, capstone, exit (comprehensive/standardized) tests, licensure completion, etc. to name a few.
3. **On Page #5- Question G-** if you need more space for faculty members (that cannot fit in the HED standard form) please add them as an attachment at the end of the form, please make sure to keep the same formatting as provided on the form.
4. **On Page #8-** The first HLC piece is an informational item that provides you with some instances that can impact approval from HLC but are not questions that the department has purview to answer, and the department should be aware of these.
  - a. The second part is about attachments that must be included for HLC purposes and notification that HLC may need a more in-depth explain (more than the 500 max word limit from HED) for approval and a potential site visit depending on how big the change/new curriculum is compared to current curriculum on the campus/within the department. Whether or not a visit may be needed can be determined by the Director of Accreditation, in consultation with the department.
  - b. Also include, as an attachment, a one page budget summary that will be provided to HLC.
5. **On Page #10-** The question/table that is on the form only needs to be filled out when the new degree/major will have a contractual agreement and involvement of external organization. It is an important piece for HLC, if the degree/major has this type of agreement, to have the information from the table but not all new degrees/majors will need this filled out. If it doesn't apply to you please put N/A in the boxes.
6. **For Section 4: Approvals on page #14-** these are completed sequentially and all signatures need to be on the original paperwork that will be submitted to the University Student Records Office for formal processing and archiving of the changes.
7. **For Section 5: Notifications on page #15-** these are the areas/individuals that need to be contacted once the final approval is received for the change, that way all areas have the information of the change and can provide the most accurate information to students. The Financial Aid Eligible notification is done through the University Student Records office, in conjunction with the Financials Aid and Scholarship Services office.

**Completed Form Notification:**

Once the form is completed and any necessary changes have been updated in banner, the requestor and administrator contacts that are listed in page #1 will be sent a copy of the final packet with Section 6: Administrative Processing (page #15) completed.

**Contact Information:**

For questions about which form to utilize, how to complete the form, where the form goes next in the approvals, etc. Please contact the University Student Records Office for assistance. [records@nmsu.edu](mailto:records@nmsu.edu) or 575-646-3411

CABINET SECRETARY

## New Graduate Program Application

### A. General Information.

<b>Institution</b>	
<b>Name and Title of Contact Person</b>	

<b>Email of Contact Person</b>	
<b>Name of Proposed Program</b>	
<b>Name of Sponsoring Department, School, and/or College</b>	
<b>Level of Proposed Program</b> ( <i>Master's or Doctor of Philosophy</i> )	
<b>Estimated Time to Complete Proposed Program</b>	
<b>Campuses to offer this degree program</b>	
<b>All Program Format(s)</b> ( <i>standard, distance education, evening, weekend and/or other</i> )	
<b>Anticipated Start Date</b>	
<b>Proposed 2010 CIP code and title</b>	

**B. Program Curriculum.**

<b>Program Description</b> ( <i>as listed in catalog</i> )	See attached
<b>Program Curriculum</b> ( <i>as listed in catalog</i> )	See attached
<b>Number of Credits Required</b>	
<b>Program Learning Outcomes</b>	
<b>Is there a certificate embedded in the degree program?</b> If so, list certificates and courses required.	

<p><b>If this is a master's degree, does it articulate to a doctoral program?</b> Explain.</p>	
--	--

**C. Assessment**

Describe your institution's plan for periodic evaluation of program effectiveness. Include criteria that will be used to determine effectiveness.

**D. Need.**

The proposed program must meet one or more specified needs within the state or region. Clear and convincing evidence must be provided of the reality and extent of such need.

*Evidence of need might include results of employer surveys, current labor market analyses and projections, or long-term need projections prepared by a relevant professional organization. Summaries of student interest also are appropriate but will not by themselves be considered sufficient evidence of need. Although academic and research interests of institutional faculty may be met through implementation of the proposed program, such interests by themselves are unlikely to persuade the NMHED and/or the State Board of Finance of need for the program. However, institutions of higher education may build programs around their areas of excellence. A clear demonstration of such excellence is expected in the proposal.*

If the program fills a regional workforce need, describe collaboration between your institution and regional employers in program development.

**E. Duplication.**

Identify where similar degree programs are offered by other public higher education institutions in New Mexico in the box below.

If similar programs are offered at other public higher education institutions in New Mexico, provide a rationale for offering an additional program in the box below.

List any nearby non-New Mexico institutions of higher learning where the program is being planned or offered, particularly WICHE member institutions.

--

**F. Enrollment and Graduation Projections.** Establish realistic enrollment, retention, and graduation targets for this program.

	Year 1	Year 2	Year 3	Year 4	Year 5
<b>New Students</b>					
<b>Continuing Students</b>					
<b>Graduates</b>					
<b>Annual Retention Rate Target (%)</b>	<b>Target 100% Graduation Rate (%)</b>		<b>Target Job Placement Rate (%)</b>		

**G. Institutional Readiness.**

*Faculty.* Identify the specific faculty members that will be responsible for setting the curricular objectives, teaching program courses, advising students, and determining the means by which program and course objectives are measured.

**Identify the program director.**

*Note: Faculty curricula vitae or resumes should not be attached to this application and should only be provided if specifically requested by the Department.*

Faculty Member Name, Title, and Rank	Courses to be taught	Full-time or Part-time; if Full-time identify % of time to the program	Highest Earned Degree, Discipline, Higher Education Institution	Additional qualifications specific to program.

Describe the library and other academic support resources that are needed to initiate the program. What, if any, additional resources will be needed?

Describe the physical facilities of the institution that will be used for the first five years of the program. Will additional space or modifications of existing space be required within the first five years of program operation?

Describe the institution's equipment and technological resources needed for the first five years of the program? What, if any, additional equipment will be needed?

Describe any other operating resources needed to initiate the program.

Are there existing external facilities that will be used? Have agreements been established to ensure use of those facilities? For example, if you are offering a nursing or allied health program have you established a partnership with local hospital(s) and other clinical settings?

**H. Projected Budget.**

Provide a clear analysis of the projected cost of the proposed program and the sources of funding that will support it for the first five years that the program will be offered. Include a discussion how any of the needed resources discussed in **Section F** will be addressed. **Section G** should be completed in collaboration with your institution's financial office.

**Section 2: HLC Specific Questions**

**If applicable, the following conditions could impact HLC approval (this is included for informational purposes only):**

	If any of the institution's accreditation relationship (including other regional, specialized, or national accrediting agencies) are currently under or recommended for a negative status or action (e.g., withdrawal, probation, sanction, warning, show-cause, etc.)
	If the institution is undergoing or facing substantial monitoring, special review or financial restrictions from the U.S. Department of Education or other federal or state government agencies.
	If the institution's senior leadership or board membership has experienced substantial resignations or removals in the past year.
	If the institution is experiencing financial difficulty through conditions, such as, a currently declared state of exigency, a deficit of 10% or more, a default or failure to make payroll during the past year, or consecutive deficits in the two most recent years.

**The following will be required if the proposal must be submitted for HLC Approval. Please check with your institution to determine what will be required for your proposal.**

	HLC requires an attachment that inventories each faculty member employed to teach in the program, including: Names of existing personnel; a description of each faculty member's academic qualifications; their prior instructional responsibility and other experiences relevant to the courses they will teach in the program in question; each faculty member's course load in the new program; and the course work each teaches in other programs currently offered. This information should be provided in a table format, with a one paragraph summary for each faculty member regarding their qualifications to teach the assigned course load. CVs will not be accepted.
	HLC criteria may necessitate more information than is allowed by the 500 word max limit that HED has enforced. In such circumstances it may be necessary to provide additional explanation to what is included in the HED portion of this form prior to submission for HLC approval. You will be notified by the Executive Director for Accreditation.
	For some changes/new programs, an HLC site visit may be required.
	For graduate programs, document scholarship and research capability of each faculty member; for doctoral programs, document faculty experience in directing student research

**These questions will be utilized for the completion of the official HLC form that will be completed by the HLC Liason and/or the VPAA.**

<b>Is the program seeking specialized accreditation?</b>			
		Yes	No
<b>Is specialized accreditation required for licensure or practice in the program?</b>			
		Yes	No
<b>Has the program already obtained the appropriate specialized accreditation? If so, attach a copy of the letter from the agency granting accreditation.</b>			
		Yes	No

**If the program has not yet obtained accreditation but has begun the process of seeking or plans to seek specialized accreditation, specify the name of the agency and provide the time-line for completing the process in the space below. (If approval is a multi-stage process, the program should contact the institution's HLC Accreditation Liaison Officer to discuss the timeline before submitting this application form.)**

**If the program does not plan to seek specialized accreditation, provide a rationale for not-seeking accreditation here. (If there is not specialized accrediting organization for this program, indicate so as your rationale).**

**Provide the following information as applicable:**

If the program includes any of the following, explain how it will ensure that student work and levels of knowledge and competencies achieved will be comparable to those achieved through traditional formats. Award credit for prior learning; use of compressed time frames; use of on-line delivery; inclusion of accelerated formats; or other approaches to learning. If none of these apply, please put N/A in the box.

**Will the program be part of contractual or consortial arrangement?**

**Contractual:** A contractual arrangement in which the institution outsources some portion of its educational programs i.e. degrees or certificates offered for academic credit (including instruction, oversight of the curriculum, assurance of the consistency in the level and quality of instruction and in expectations of student performance and/or the establishment of the academic qualifications for instructional personnel)

**Consortial:** A consortial agreement is one in which the institution develops an agreement with another institution or group of institutions in which the consortial party(ies) each agree to provide some portion of one or more educational programs (i.e. degrees or certificates offered for academic credit)

Yes (Contractual)

Yes (Consortial)

No

**If the program is planning any involvement by external organizations (other than from accredited higher education institutions) in the key operations as identified below, provide the information as requested. Prior to HLC submission a [Contractual Screening Form](#) must be completed by the institution’s HLC Accreditation Liaison Officer for each planned involvement. (Note: that such involvement by a parent company or by one of its subsidiaries external to the institution in any of these operations should be reported.) If the screening form indicates contractual approval is required, the program will need to complete the full contractual application and submit it in conjunction with the program application to HLC. If the screening form indicates no further action is required attach the confirmation email from HLC.**

Type of Involvement	Name(s) of External Organization(s)	Percent of Involvement
A. Recruitment and admission of students		
B. Course placement and advising of students		
C. Design and oversight of curriculum		
D. Direct instruction and oversight		
E. Other support for delivery of instruction		

**Briefly describe the planning process for the proposed program, including the role of faculty in the planning and approval process:**

**Describe the process for assessing and improving student learning in the proposed program:**

**Describe the process for assessing and improving student persistence and completion in the proposed program:**

**Section 3: System Requirement**

**These questions are specific for NMSU System approval.**

**List of academic departments/units and or institutions involved in the delivery of courses**

--

**Is this program going to impact other program(s) and/or course(s) across the system? (yes/no)**

	If yes was the department/college/campuses notified? <i>Please include the name and date of the individual(s) contacted.</i>
--	--

--	--

	Describe any concerns other campuses/departments had with this change and the resolution of those concerns. <i>Please include the name and date of the individual(s) contacted.</i>
--	---

--	--

**Describe the primary target audience for the program (e.g., full-time, part-time, traditional college age, working adults, transfer students, military personnel, or particular ethnic group)**

**How will you ensure that the information presented to all constituencies in advertising, brochures, and other communications will be accurate?**

**How does the proposed program align with the department, college, and campus mission?**

**Master's/Doctoral - Major and/or Degree**

**New Curriculum Form**

		Degree Type:	
Master's Degree		Master's Major	Both (Master's Degree & Major)
Doctoral Degree		Doctoral Major	Both (Doctoral Degree & Major)
New Curriculum Name:			

Section 4: Approval Signatures (in sequential order):			
	Printed Name:	Signature:	Date:
